

SURFACE CLEANER REBUILD KIT - SUITS **BAR** ALL

SKU: 165 55.903

Pressure 350 Bar
Temperature 120°C
Inlet G3/8" F

Conversion Kit surface cleaner

Features

The universal mounting plate allows you to the Mosmatic swivel on your existing housing. The plate has pre-drilled holes and adapts to most other brands of surface cleaners

The Adapter is used to reduce the distance of the nozzle to the cleaning surface. Depending on the existing housing height, it may be necessary to use this optional adapter. The adapter will reduce the distance by 22mm.

High rpm stainless steel swivel, features reinforced self-lubricated stainless steel ball bearings for improved performance. The Dual spring based carbide seal system guarantees long-lasting operation under tough conditions
