

SKU: 120 BAR3524HTBG

Honda 27 hp Engine General Pump Pump 3,500 PSI @ 32 L/min

Features

- Powerful Honda V-twin engine delivers the best performance in its class.
- Electric start engine allows for easy starts. The unit can be wired to the truck or to a battery (sold separately)
- Belt drive system provides the longest pump life possible by lowering its heat, vibration and RPM.
- Industrial grade General triplex pump features a reinforced body, forged brass manifold, solid ceramic plungers, stainless steel check valves and thermal release valve.
- External unloader provides enhanced cooling and can be set to dump-to-ground bypass water to maximize the cooling system.
- Mounted on a powder coated steel plate with anti-vibration pads that bolts through to mount on a truck or trailer.
- Manufactured in Canada
