

10,150 PSI Pressure 1/4" BSP F Inlet Select Your Nozzle Size

Features

- Reduced vibrations for greater comfort during use. (solution subject to patent application)
- Tungsten carbide nozzle and seat, for longer life.
- High working pressure.
- The nozzle can be started in any position thanks to the patented system with an internal spring, which eliminates clearance between the seat and the nozzle.
- Sturdy stainless steel construction, tested for long life.
- High water set impact.

Specifications

- **Inlet:** 1/4" BSP F
 - **Nozzle Size:** Variable
 - **Working Pressure:** 10,150 PSI
 - **Minimum Pressure:** 2,600 PSI
 - **Maximum Flow:** 18 L/min
 - **Rated Temperature:** 60°C
 - **Minimum Operating Temperature:** 5°C
 - **Material – Internal & Body:** Stainless Steel 303
