

GUM & GRIME REMOVING NOZZLE

REMOVE GUM

REMOVE GRIME

PATENTED MULTI HOLE NOZZLE

ABOUT - New from BAR, the patented "multi hole" nozzle is designed to cut out troublesome gum and other grime without the normal problem of cutting into the cleaning surface

USE - If applied correctly, this nozzle will cut the gum only, and not dig into the concrete surface like a standard "single hole" nozzle

VALUE - A fantastic option, borrowing on the technology of the Clentecs German industrial gum remover nozzle that costs thousands of dollars

OPTIONS - Versions available:

125 85.201.030G Nozzle Size 030

125 85.201.035G Nozzle Size 035

125 85.201.040G Nozzle Size 040

125 85.201.045G Nozzle Size 045

125 85.201.050G Nozzle Size 050
