

Easy Wash VINYL OUTSIDE PROTECT

Easy Wash VINYL OUTSIDE PROTECT it is agent for polishing rubber and plastic for maintenance product to take care of bumpers and tyres

Easy Wash VINYL OUTSIDE PROTECT has excellent preservative and nourishing properties as plastics and rubber.

Improves the appearance of matte surfaces giving them a gloss and is extremely resistant to the weather conditions and remains a lot longer than similar products.

Easy Wash VINYL OUTSIDE PROTECT It is highly efficient, remains long on preserved surfaces.

Easy Wash VINYL OUTSIDE PROTECT It is not oily, which eliminates the adherence of dust and dirt.

Easy Wash VINYL OUTSIDE PROTECT It is safe to use because it does not contain flammable substances and is not hydrosoluble.

Easy Wash VINYL OUTSIDE PROTECT Is very strongly concentrated which enables you to use smaller dosages compared to most competitive products (overdosing prolongs the time to dry).

Easy Wash VINYL OUTSIDE PROTECT can also be used to treat vinyl in the interior of the vehicle and to treat cooled down and cleaned engines.

INSTRUCTIONS FOR USE:

Apply **Easy Wash VINYL OUTSIDE PROTECT** with a spray, brush or sponge on the cleaned bumper, tyres, engine or other surfaces that must be treated. Rub equally and let it dry.
